Chase,

OK. I am available at 3:30 pm central.

I would always prefer you have such discussion with both Paul and I at the same time. Obviously, there are times when that's not possible, but otherwise it's just a waste of resources.

Thanks for getting back to me Jim. How about 3:30 Central?

Paul and I had a call last week, but I am more than happy to include him in on this call if you want.

Jim,

I spoke with Paul briefly in Chicago about setting up a call with him to discuss the River, my perspective on our recent changes and how I see GP moving forward, collaboratively with the EPA and MDEQ, down the Kalamazoo River.

I would also like to set up a call with you to discuss the same items and your thoughts on the project.

Please let me know when would be a good time to set up a call.

Thanks,

L. Chase Fortenberry, P.G.
